Narratives

Original Narrative — 09/25/2022 21:14:53

On 09/24/22 0010 hours

I was assigned to the Porterville Substation, driving a marked Tulare County Sheriff's Office patrol vehicle (unit 128). I was wearing a utility class B uniform and department-issued Axon Body Worn Camera which was activated during the incident. There may have been times during this incident my Axon Body Camera was muted for briefing purposes.

While at the South County Detention Facility I observed a Porterville Police Office standing by a subject that had handcuffs waiting to get booked. At one point the subjects spit on the PPD officer, the officer then takes a couple of steps and pushes the subject with both hands causing the subject to fall to the ground. The subject hit his head on the concrete causing him to get a laceration on the left side of his head. It should be noted the subject was bleeding excessively. I assisted in bandaging the subject's head. I brief Sgt. Guerrero of the incident.
